COURSEWORK

Web Development BootCamp 2022
Data Structures
Algorithms
Operating System
Computer Networks

EXPERIENCE

GEEKSFORGEEKS |Technical Content Writer
April 2022 - Present | Remote
- Writing Articles on DataStructures Algorithms and Theory subjects. [55+ articles published till now.]

COCALCUTTA | Web Development Intern
June 2021 – Sept 2021 | Remote
- Develop and deployed website cocalcutta.com.
- Develop website for their clients using Front-End tech.

PROJECTS

DRIVER DROWSINESS DETECTION SYSTEM | Source Code

- Worked on Augumented reality and develeoped a System that alert Drivers by capturing their eyes movements.using Python Cv2,Numpy,Dlib,Imutils libraries.

ANIMATED WEBSITE | Source Code

- developed responsive animated webpage using Front-End Technologies i.e; HTML,CSS,JAVASCRIPT.

ACHIEVEMENTS

3 STAR AT CODECHEF | current ratings: 1625

- Global Rank 96 (Division-3) in February Long Challenge 2022.
- Global Rank 190 (Division-3) in Starters 26- 2022.

GEEKSFORGEEKS RATINGS |Maxscore: 1500+

- Data Structures and Algorithm 500+ Problems solved.

LEETCODE RATINGS 1593

- contest rating 1593.
- Data Structures and Algorithm 500+ Problems solved.

THE GREAT INDIA HACKATHON

- Selected in top 10 out of 60 teams in The Great India Hackathon hosted by Chitkara University 2022.
